Club of South Launceston

**This Week 28th February**

**Guest Speaker:**

**Belinda Kavic.**

**Returning NYSF attendee.**

**Next Week: 7th March**

**T.B.A.**

### President's Notes

Dear Rotarians,

Wow, wow, wow! Isn't our new website brilliant! Have you memorised your new **STRONG** password?

This new space is amazing and demonstrates the impact we have in our community through our service visually. Not only is it our digital gateway into RCSL, but also for the world. It demonstrates our service to our community, but also that we are a strong progressive club of service. We are people of action. It has been a Rotary year of change for our club. We are almost there in the new club structure and hopefully we will fully integrate more successfully in our next Rotary year.

Can all Rotarians read the DG's O & N that would have arrived in your in boxes on Friday evening (please check your spam box if you can't see it in your inbox). This week it highlights very important aspects of being an attractive club to encourage new members and retain them. We need to be progressive and open minded, while holding some of the past practices in our club whilst moving them forward and modernizing them.

The Soggy Bottom Regatta is coming up on the 3rd March. It's time to get out the cardboard and tape. It would be great to have a few boats.

Thankyou to Rotarians who barbecued at Glen Dhu Primary School on Thursday night. Sheep poo with Monica looked great from the photos on Facebook.

The Group 4 Presidents' meeting held on Saturday morning with AG Brett Williams was fantastic, I have learnt so much about Rotary this year and it has been great to have his support. The District Conference is coming up soon, so make it your priority to book your place in early March for April. Remember you don't have to get a full registration if you don't want to go to the evening functions.

There is so much going on in Rotary and there are so many wonderful people to meet my year so far has been fantastic.

Regards President Krista.

### COMING EVENTS

#### Soggy Bottom Regatta

Sunday 3rd March

Waverley Lake

9.00 am.

#### International Womens'

**Day Breakfast**

Wednesday 6th March

(Tamar Sunrise Club)

#### District Conference

Friday 12th -

Sunday 14th April

2019.

## NOTES FROM LAST WEEK'S MEETING

### President Krista:

Welcomed Dennis Tulk who is speaking on the new website.

Gave a brief summary of some of the items discussed at the Board meeting last week.

There is a presidents' meeting on this Saturday, which Krista will be attending.

### Media – Harry Galea:

Put out an SOS for video clips from the recent Red Hot Concert and Sheep Poo collection—see note below.

### Josh DE Groot:

Sheep Poo collection this Saturday.

### Co-Treasurer Terry Crawford:

Expressed thanks on behalf of the Glen Dhu School community for the BBQ we put on.

### Youth Services Lance Pfeffer:

Gave a comprehensive summary of the Youth Forum at Longford. This will be put onto the club website and hopefully in the bulletin.

**CORRECTION!** To last week's bulletin 'WANTED' item. It is Wayne Higgs' son, Tom, who is preparing the video. Contributions can be sent to him via Wayne. E-mail: [higzy56@gmail.com](mailto:higzy56@gmail.com).

**For every action there is an equal and opposite reaction,  
plus a social media overreaction.**

**APOLOGIES BY 10.30am TUESDAY TO TERRY CRAWFORD 63447033 or 0417 366 531**

## WELCOME BARBECUE—GLEN DHU PRIMARY SCHOOL

## LAST SATURDAY'S SHEEP POO COLLECTION

From the photos, it is evident that a good time was had by all!

**The Bag Ladies!**

## LAST WEEK'S GUEST SPEAKER—DENNIS TULK

Our website manager, Rotarian Dennis Tulk introduced our new website at last week's meeting.

Dennis said that the re-design of the website was necessitated by the need for security updates and to facilitate google search requirements to provide mobile preference, allowing access to the site from mobile phones.

The site is now a https site—much more secure. It is now accessible from all devices, is a more attractive layout and has many more features.

The updating process started in March 2018 and ramped up in September 2018.

Club members will now have a new username and eleven character password.

Dennis pointed out that a nine character password can be cracked in five days, a ten character password in four months, an eleven character password will take 10 years to crack and a twelve character password 200 years.

The most secure passwords include upper and lower case letters, numbers and symbols.

Dennis gave an on-screen demonstration of how to navigate the website, including the password-protected members only area.

Dennis said that the new site gives members the ability to alter their own details, but he suggested that members notify him if they make any changes to their personal details.

Members Working with Vulnerable People authorization details are now included on the website.

Dennis invited members to contact him if they experience and difficulties in accessing the website, including the members area.

**SOGGY BOTTOM REGATTA.** Next Sunday—March 3rd Waverley Lake from 9.00 am.

### AND FINALLY....

#### From Qantas Airlines.

After every flight, pilots fill out a form called a gripe sheet, which conveys to the mechanics problems encountered with the aircraft during the flight that need repair or correction. The mechanics read and correct the problem and then respond in writing on the lower half of the form what remedial action was taken, and the pilot reviews that gripe sheet before the next flight. Here are some actual logged maintenance complaints and problems submitted by Qantas pilots and the solution recorded by maintenance engineers. By the way, Qantas is the only major airline that has never had an accident.

#### P—Problem Logged by pilot.

#### S—Solution and action taken by the mechanics.

P—Left inside tyre almost needs replacement.

S—Almost replaced left inside main tyre.

P—Test flight O.K., except auto-land very rough.

S—Auto-land is not installed on this aircraft.

P—Something loose in cockpit.

S—Something tightened in cockpit.

P—Dead bugs on windshield.

S—Live bugs on back order.

P—Autopilot in altitude-hold mode produces a 200 feet per minute descent.

S—Cannot reproduce problem on ground.

P—Evidence of leak on right main landing gear.

S—Evidence removed.

P—DME volume unbelievably loud.

S—DME volume set to more believable level.

P—Friction locks cause throttle levers to stick.

S—That's what they're there for.

P—IFF inoperative.

S—IFF always inoperative in OFF mode.

P—Suspected crack in windshield.

S—Suspect you're right.

P—Number 3 engine missing.

S—Engine found on right wing after brief search.

P—Aircraft handles funny.

S—Aircraft warned to straighten up, fly right and be serious.

P—Target radar hums.

S—Reprogrammed target radar with lyrics.

P—Mouse in cockpit.

S—Cat installed.

P—Noise coming from under the instrument panel.

Sounds like a midget pounding on something with a hammer.

S—Took hammer away from midget.

### Rotary Grace

For good food, good fellowship and the opportunity of service through Rotary, we give thanks.
