#### PRESIDENT HARRY'S NOTES

Hello Rotarians.

Yesterday Sharon and I attended the combined Probus Clubs' annual church parade at the Salvation Army. It was a very pleasant way to spend Sunday afternoon with many clubs represented. Rotarian (Lt Col) Ian Smith welcomed the large gathering on behalf of The Salvation Army.

I'm sending this President's News from Flinders Island while holidaying this week. Hence I will be an apology for this week's Thursday meeting. Vice President Lara Alexander will chair the dinner meeting - thank you Lara.

On a sad note last week saw the passing of a long-term SLRC member - Glen Horsburgh. Glen was tireless in his community service work with the South Launceston club over many, many decades. The funeral service will be private but the club has sent it's condolences. Rest in peace Glenn.

All the best for this week.

President Harry

As President Harry mentioned, Glen Horsburgh passed away last week. Glen was possibly the longest serving member of our club, having been an active member for over fifty years. Glen was president 1972-73 and a Paul Harris Fellow.

Andrew Whitehead encountered Ian Fraser in the supermarket recently. Ian reported that he and Mardi are both well. Ian sends his greetings to club members. He is still playing cricket.

Rotarians hard at work being Rotarians!

The road to success has very few travellers, because so many get lost trying to find the short cuts.

True greatness is measured by the capacity to serve.

People make counterfeit money. In many cases money makes counterfeit people.

## RYDA IS ON THIS WEEK AND NEXT.

## AND FINALLY.....

### More American travel tales:

A woman called and asked, "Do airlines put your physical description on your bag so they know who's luggage belongs to who?"

I said, "No, why do you ask?"

She replied, "Well, when I checked in with the airline, they put a tag on my luggage that said FAT, and I'm overweight, is there any connection?"

After putting her on hold for a minute while I "looked into it" ( I was actually laughing) I came back and explained the city code for Fresno is FAT, and that the airline was just putting a destination tag on her luggage. I just got off the phone with a man who asked, "How do I know which plane to get on?"

I asked him what exactly he meant, which he replied, "I was told my flight number is 823, but none of these darn planes have numbers on them."

A woman called and said, "I need to fly to Pepsi-cola on one of those computer planes." I asked if she meant to fly to Pensacola on a commuter plane. She said, "Yeah, whatever."

A businessman called and had a question about the documents he needed in order to fly to China. After a lengthy discussion about passports, I reminded him he needed a visa.

"Oh no I don't, I've been to China many times and never had to have one of those."

I double checked and sure enough, his stay required a visa. When I told him this he said, "Look, I've been to China four times and every time they have accepted my American Express."

A woman called to make reservations, "I want to go from Chicago to Hippopotamus, New York"

The agent was at a loss for words. Finally, the agent: "Are you sure that's the name of the town?"

"Yes, what flights do you have?" replied the customer. After some searching, the agent came back with, "I'm sorry, ma'am, I've looked up every airport code in the country and can't find a Hippopotamus anywhere."

The customer retorted, "Oh don't be silly. Everyone knows where it is. Check your map!"

The agent scoured a map of the state of New York and finally offered, "You don't mean Buffalo, do you?"

"That's it! I knew it was a big animal!"

darn planes have numbers on them."
