PRESIDENT LARA'S NOTES

Hello Rotarians,

I have spent some time over the last couple of weeks, reading through the stories shared on MyRotary about initiatives taking place around the Rotary world. The month of June was Fellowship Month. There are more than 90 Fellowships creating a community within Rotary.

Reading through these, I came across a fantastic initiative which I thought to share with you. It is called the *Rotary Fellowship for Empowering Women* which is all about fellowship, empowering, elevating, motivating and engaging women into leadership roles while mentoring girls and boys into business and career role. In recognizing the great value of such Fellowship, it has now been rebranded as the *Rotary International Fellowship for Empowering Women*. They also go by the name of Rotary Roses.

So, if you have some spare time, it is an interesting read about who they are and what they do and maybe about the other Fellowships doing many good works around the world.

Yours in Rotary,

President Lara

LAST WEEK'S GUEST SPEAKER

Last week's guest speaker was our president – Lara Alexander. Lara spoke about an initiative from some Tasmanian charities which was launched last week – the first collaboration of its kind in Australia.

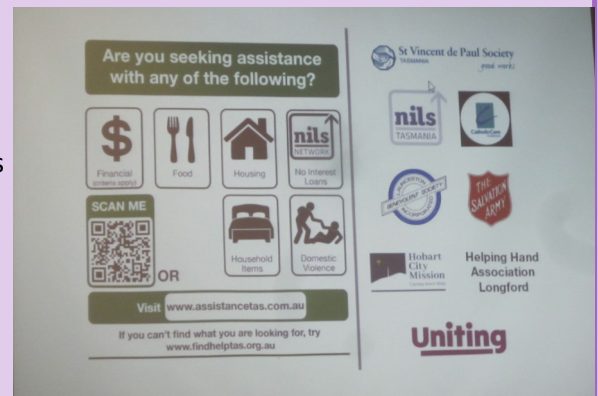

Lara said that she and some other charity executives became aware, during the Covid crisis last year, that people were needing to seek help from charities who had not sought help from charities before and had no experience in navigating the charity sector. Many were in a state of trauma and the challenge of identifying and contacting the appropriate charity which could help with their particular need, was something they were finding quite intimidating.

Charities had come together and co-operated in their response to Covid needs and through this they got together to develop an easy to navigate contact point for access to charities in Tasmania. Eight charities came on board across the state and a QR Code based app was put in place. People in need only need to swipe their mobile phone to contact the most appropriate charity for them. They can also make contact through the website 'assiscancetas.com.au'.

The charities that have come on board are St Vincent de Paul Society, Catholic Care, Launceston Benevolent Society, The Helping Hand Association - Longford, The Salvation Army, NILS Tasmania, Uniting Care and Hobart City Mission.

Posters and cards are being distributed in the community giving details of the facility. People seeking help can identify if they need help with food, housing, household items, finances, no-interest loans or domestic violence matters.

The app has been developed with the help of an IT provider in Launceston and cost \$30,000. It is designed to detect fake phone numbers and can produce an alert if people try to access more than one charity in the group. It will, in time, collect valuable statistics.

THE FOUR-WAY TEST

"Of the things we think, say or do:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and
BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all
concerned?"
